

Standard for Sign Notice

Sign notice means a sign with minimum dimensions of 24 in. by 30 in. posted as close as reasonably possible to each street frontage on the applicant's property with the text between 3 and 5 ft. above grade level, with a title line reading "Zoning Notice" in letters at least 3 in. tall, and with the remainder of the text in letters at least ½ in. tall. Each sign must be posted at least two weeks before the date of the public hearing, and must remain in place and legible through the date of the public hearing as shown on the sign. If the sign will not be legible at the stated height due to snow accumulations it may be placed higher, but at the lowest elevation that will be legible to the public. If snow obscures the sign during the posting period, the snow shall be removed and/or the sign shall be relocated so as to be legible within 24 hours after snowfall ends. Evidence produced at or before the public hearing that one or more of the required signs were not in place or legible throughout that period shall be grounds for postponement of the public hearing and a requirement to repost the property. Required signs may not be posted in any portion of the public right-of-way.
